COMMISSIONER FOR PATENTS

S I R :

Enclosed is an e-mail received from a person who is  
apparently an inventor of US 6,766,817, but in any case  
requesting that US 6,766,817 be cited to the USPTO so that it is  
used as a reference in the examining process of the present  
application. The reasons are stated in his e-mail.

Applicants and other individuals designated in 37 CFR  
1.56(c) most knowledgeable about the content of the present  
application, were previously unaware of US 6,766,817, and  
therefore no late fee is due.

It is requested that the document be considered, along with the statement in the e-mail annexed hereto, and cited in the present application. A form PTO/SB/08A citing the document is enclosed herewith, for this purpose. It is requested that an initialed copy of the form PTO/SB/08A be returned to indicate that the publication listed therein has been considered and made of record.

A copy of the U.S. patent document identified on said form PTO/SB/08A is not enclosed herewith since the USPTO waived the requirement to file copies of U.S. patents and U.S. patent application publications.

It is therefore respectfully requested that the cited publication be considered and made "of record".
